

2024 HSC Industrial Technology MAJOR PROJECT

Statement of Intent

Name

Oliver
Gibbs

Product

Round Dining Table

Intention:

To craft and create a circular dining table with a Lazy Susan.

Motivation:

Our family is in need of a new dining table and we have lots of curves within the house, so I feel this style of table would fit right in. Keys for success: To create a perfectly sized round dining table to fit into my dining room. The table's measurements needed to fit into the room perfectly and fit nicely with the existing chairs.
