

Dear Parents,

The **Year 12 Retreat** is a study program designed specifically for students in Year 12. While the focus is on developing effective study habits and techniques, a range of workshops and opportunities for collaboration with other students will be available, with group activities interspersed to consolidate the bond across the Year Group. It takes place at Port Hacking, providing a magnificent location for students to be inspired by natural beauty, far from the distractions of their usual daily lives. With the program just around the corner, I am writing to provide further important information below.
